The closures are subject to change and are scheduled as follows:

These closures are scheduled for three separate nights and will end by 5 a.m. each morning.

Lanes of the first half of the new Florence Ave. bridge over I-5 will open to the driving public on Nov. 28. These overnight closures will allow the demolition of the second half of the bridge. Reconstruction of the second half of the bridge is expected to be completed by late summer of 2018.
